

Your guide to Hoërskool Ben Viljoen

Grade 8 Owlet

2025

DEAR BEN VILJOEN PARENT

Welcome to the Ben Viljoen family. May the path you start walking with your child in 2025 be full of joy for you and your family.

Here, the learners, the staff and the parents form the unique heartbeat of the school. Academics form the cornerstone of our school and each learner's interests and needs are important to us.

It is also important that every grade 8 learner will feel at home and be able to quickly adapt to the Ben Viljoen rhythm. It is important that your child gets involved in the school's activities – even if it is as a supporter – so that they can get to know the school and each other better. At Ben Viljoen we ensure events, participation and fun. Here we teach children to grow, learn from disappointments and celebrate success with humility.

We believe that the grade 8's of 2025 will enter the year with a future vision. They will grow and develop to be able to end their school career on a high in 2029.

Although high school implies that children are one step closer to adulthood, parents form an integral part of everything the school undertakes. We would like to extend our gratitude to you in advance for your positive involvement and attitude towards the school. Allow your child to take increasing responsibility, but stay involved and know that we as educators are working together to guide your child into adulthood.

Read this information booklet carefully with your child to familiarize yourself with everything that will happen at school during the first term. Please note that the grade 8 owls must attend all home events throughout the year.

We trust that you and your child's association with Hoërskool Ben Viljoen will be full of excitement, adventure, new friends and interesting challenges. May they push boundaries and discover new worlds within the guaranteed framework of integrity, loyalty, respect, responsibility and compassion.

SCHOOL ANTHEM

Die stroompie uit 'n verre tyd
het berg en hoogland oopgesplyt
en breed blink nou 'n wye stroom
deur bosse waar die stiltes droom.

Die droom het hier 'n daad geword
wat sterk oor wal en sluise stort
die water sing wat nou hier vloei
laat landery' en boorde bloei

Ons wat die groter toekoms erf
ploeg dieper los bind groot die
gerf
ontbos die berg en grawe wyd
kanale van die nuwe tyd

We are the future of our school
We plough, we sow, provide the fuel
for strength, success and honest
trust
together, a future true and just

Kom maat en vriend kom vat my hand
ons dien een volk een vaderland
en is ons werk ons eer
wen ons die oes wat ons begeer.

DEAR OWLET OF 2025

Congratulations with your decision to join the Ben Viljoen family. You won't regret your choice... We are a WINNING TEAM in green and gold!

The grade 8 learners of 2025 will be known as Owlets. Owlets will wear our sports uniform up to the Bell-ringing Ceremony and may only wear their official school uniform afterwards. An additional T-shirt (provided by the school) will be worn alternately with the black sports pants on Mondays, Wednesdays and Fridays. The MANDATORY welcoming package amounts to R350 and includes all the grade 8 fees.

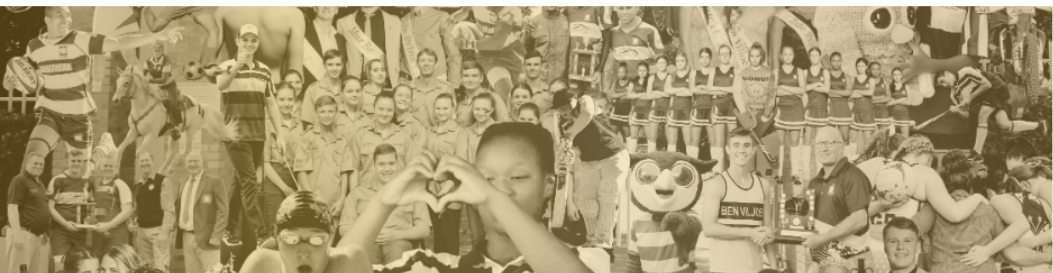

Mondays, Wednesdays & Fridays: T-shirt & Black sports pants

Tuesdays & Thursdays: Sportswear

The above clothing must be worn with flip flops or tekkies, please take note that socks are not allowed to be worn with flip flops.

The Owlets will already be formally welcomed to the school on 15 January during an official team building function from 07:00-15:00. They will also receive a cap, t-shirt, keyring and Owlet pin badge. The pin badge must be worn to school every day.

There will also be a Grade 8 concert for which we will practice hard for the first few weeks and then perform it for the school and public. All Owlets are also obligated to participate in this concert that takes place from 10-12 February.

AS GRADE 8 LEARNER YOU MUST:

- Respect teachers, EC members and senior learners
- Endorse and respect the school's ethos Get to know the school in its entirety and work together as one team at all times
- Get to know the staff and EC members' names
- Participate in the Grade 8 concert, athletics and Grade 8 camp
- Always be a helping hand with gatherings and functions along with the EC members
- NEVER be an embarrassment to the school
- When you support during events - it is done in full school uniform
- Fit into the school's routine
- Neatness and school uniform rules apply in public
- Not being noisy, but know your place in the school's hierarchy
- Attending interhigh and all home events - this is mandatory
- Wear your Grade 8 badge with pride every day

WHAT CAN YOU EXPECT

- A brand new way of thinking and doing!
- Broaden your horizons and grow together.
- New friends! All Grade 8's are unfamiliar. Make the first move and introduce yourself - you might just be the friend someone else has been wishing for!
- A future vision. We know you are destined for big thing, and will influence and change the future of the country and the world!
- SUCCESS! Participating is fun and success is part of it!
- Be here, be involved, be part of one school - one heartbeat! The starting point of the new, better, smarter YOU!

GRADE 8 INFORMATION

GENERAL SCHOOL INFORMATION

- School starts promptly at 06:55
- School closes Monday–Thursday at 13:30 and Fridays at 13:00
- Learners line up on the quad every morning in their register class rows
- Hall opening takes place on Mondays
- Learners have 3 minutes to change between periods
- Learners are not allowed on the corridors, sports grounds or on the hostel grounds during break

DIVISION OF SPORTS TEAMS

Color teams are allocated for interhouse events according to grade groups.

For 2025, the Grade 8 group is the green team during the respective interhouse events.

BASIC STATIONARY

We recommend that parents wait until the term has started before purchasing these additional items.

Exercise books (Scripts/Texts) are provided by the school. Additional exercise books (scripts/texts) may be required which must be purchased by parents as requested per subject by the teacher.

1. Mathematical Instruments set for Mathematics
2. Casio FX 82ZA Plus Scientific Calculator
3. 10/20/30 page A4 flip files as required (approx. 4–8)
4. Thin plastic two-hole files as needed
5. Highlighters

PHOTOS AND INFORMATION OF LEARNERS' ACHIEVEMENTS

We like to recognize our learners who participate, in school- and extra-curricular activities. We would like to ask that parents please send us complete information and good quality photos directly to bvbebookmarking@benviljoen.co.za for publishing on our social media.

WHO IS MY REGISTER CLASS TEACHER?

Grade Guardian: Ms Elma de Beer

Grade 8A: Ms H Blok

Grade 8B: Ms C Snyman

Grade 8C: Ms J Cairncross

Grade 8D: Ms J Janse van Rensburg

Grade 8E: Mr J Cronje

OUR VALUES

RESPECT - LOYALTY - INTEGRITY - COMPASSION - RESPONSIBILITY

VALUE SYSTEM

- Christian and professional education
- Promoting academic performance and creating a learning culture
- Maintenance of discipline
- Effective management and leadership
- Promotion of traditions and culture
- Cultivating loyalty and respect towards the school and fellow human beings
- Equal and humane treatment
- Stimulating and promoting creativity
- Cultivating a healthy competitive spirit
- Development of the learner to his/her maximum potential

OUR VISION

Dallers live our school's values in everything they undertake. They strive to develop their talents so that they can take their rightful place in society and make a difference in the world.

Hoërskool Ben Viljoen is a parallel medium educational institution that maintains Christian norms and high standards. Teaching takes place in Afrikaans and in English.

OUR MISSION

The mission of Hoërskool Ben Viljoen is to maximally develop the learner in his/her into a balanced and responsible individual with the help of educative Christian teaching, according to a specific value system.

With my Daller specs on my nose, I see the clear vision of my school: to uphold Christian values, to be loyal citizens of our country, to speak with pride and dignity, to promote excellence and to continue the traditions of the school. The Daller specs help me focus and stay on track.

There is a reason why you have to wear the Daller specs from grade 8. It is a myth that your eyes will become weak or lazy.

Wearing specs becomes more comfortable the longer you wear them and before long you get used to the clear vision and prefer to wear your Daller specs permanently throughout your school career.

With my Daller specs on my nose I don't miss a thing!

Catastrophes can be avoided before they happen. The Daller specs ensure that we always keep our vision in mind. Here we strive for excellence!

WHAT DO WE OFFER YOU?

ON OUR TERRAIN

- Ben's Cafeteria
- Loskop Gimnasium
- Centre for Counselling and Remediation
- Swimming Club

BUS ROUTES

We currently have two bus routes that drops off learners on Friday afternoons and pick up then pick them up again on Sunday afternoons. An additional fee is to be paid.

This route is:

Bus 1: Groblersdal – Marble Hall – Roedtan – Potgietersrus – Naboomspruit

Bus 2: Groblersdal – Stoffberg

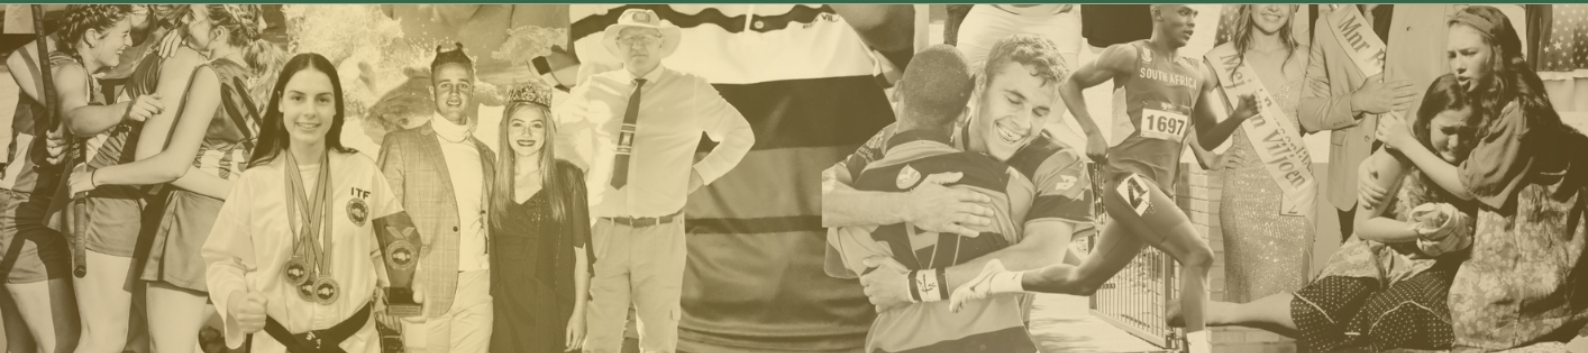

HOSTELS

The hostels of Hoërskool Ben Viljoen are known for the homely atmosphere and individual attention to each learner.

The boys' and girls' hostel can each accommodate a total of 75 learners and serve 3 meals a day. We accommodate one learner per room, except for grade 8 learners who sometimes have to share with another grade 8 roommate.

The hostel is open from Mondays at 06:15 until Fridays at 13:00.

SUBJECT INFORMATION

GRADE 8 & GRADE 9

- English Home language
- Afrikaans First Additional Language
- Mathematics
- Natural Science
- Economic and Management Sciences
- Social Science
- Technology
- Life orientation
- Art & Culture

OUR ACADEMICS IS THE BEST

- Since 2004 we have achieved an average 99.8% pass rate
- Two-thirds of our matric learners take Mathematics as a subject – one of the highest percentages in Limpopo
- Our Mathematics and Science departments are among the best in Limpopo based on matric results
- Full-time, dedicated Maths remedial teachers for Grade 8 and Grade 9 learners who struggle with Mathematics. These teachers work individually with ±3 pupils at a time at no extra cost
- Full-fledged, registered Technical school with Mechanical and Electrical Technology as subjects
- Hoërskool Ben Viljoen is one of the few public High Schools in Limpopo with Drama and Visual Art as subjects

GRADE 10-12

Compulsory:

- English Home Language
- Afrikaans First Additional Language
- Mathematics/ Mathematics Literacy/ Technical Mathematics
- Life Orientation

Subject Choices:

- Life Science
- Technical Science
- Physical Science
- Accounting
- Business Studies
- Computer Applications Technology
- Information Technology
- Tourism
- Consumer Studies
- Engineering Graphics and Design
- Visual Art
- Dramatic Art
- Mechanical Technology
- Agricultural Technology
- Electrical Technology

MATRIC RESULTS 2023

95.2% Pass rate with 72 distinctions

75.63% of the matric learners obtained university admission

SUBJECT INFORMATION

WHAT IS THE DIFFERENCE BETWEEN MATHEMATICS, TECHNICAL MATHEMATICS AND MATHEMATICAL LITERACY?

Mathematics is a required subject for many tertiary fields of study. Parents and learners must realize that not everyone is mathematically inclined, and that there are many career possibilities for learners who take Technical Mathematics or Mathematical Literacy as a subject.

Furthermore, it is also a fact that learners who struggle with Mathematics and just barely meet the admission requirements, also struggle with mathematical subjects later on at tertiary level.

A pass mark in Mathematics Literacy or Technical Mathematics is better for a learner than a fail mark in Mathematics when selection is done at universities.

Learners who take Mathematics Literacy or Technical Mathematics are just as successful in their later careers as their colleagues who took Mathematics as a subject.

MATHEMATICS

Mathematics is an analytical science that is used to solve or address risks or problems with formulated formulas.

Syllabus content:

Grade 8 and Grade 9:

Basic rules are learned.

Grade 10:

All sections are new for the learners, including trigonometry, functions (graphs), analytical geometry, Euclidean geometry, probability.

Application of knowledge is then very important.

Grade 11:

All the above sections are continued. It is more difficult and is completed in Grade 12.

Grade 12:

New and more difficult sections are done, among others: sequences and series and calculus etc.

MATHEMATICAL LITERACY

Mathematical Literacy allows learners to address or solve everyday problems or challenges in a practical and applied approach. Learners are equipped with knowledge and experience – regardless of whether the problem has to do with life or are work-related – to be able to deal with it. The ability to identify problems, interpret correctly and understand views in a meaningful way is learned in order to be able to achieve successful interpretation.

Syllabus content:

Tests, exams and assignments are used to test skills to develop life experience.

- Practical assignments and tasks about work and life situations such as taxes, electricity bills, financial documents, perimeter and area needed to bring improvements to houses, conversion of measurement units etc.

TECHNICAL MATHEMATICS

Technical Mathematics is about the mathematical concepts used in the technical world. It works closely with national college requirements and works to be equivalent to N1, N2 and N3 mathematics at colleges.

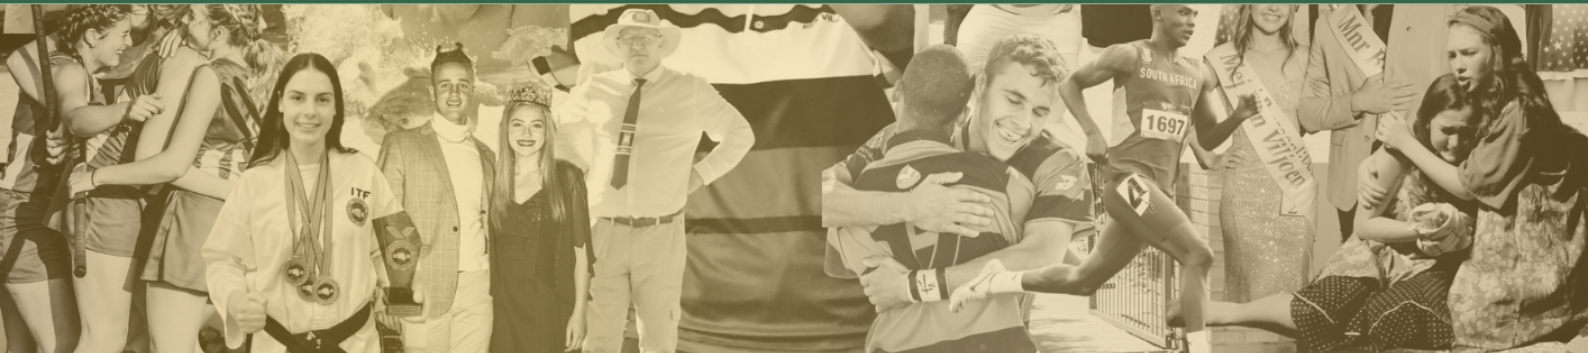

Syllabus content

Technical mathematics contains most components and assessment like mathematics, but does not deal with statistics and data handling. These concepts are replaced with radial and angular movements.

Tests/Exams consists of two papers:

Paper 1: Algebra, graphs and finance
Paper 2: Analytical geometry, trigonometry, Euclidean geometry, radial and angular motions.

SUBJECT INFORMATION

WHAT IS THE DIFFERENCE BETWEEN PHYSICAL SCIENCE AND TECHNICAL SCIENCE?

Physical Science consists of two main sections viz. chemistry and physics. Both sections are studied from grades 10-12.

Chemistry: is the science of matter and its interaction with energy.

Physics: is also called "fundamental science" since each of the other natural sciences deals with certain types of material systems that obey the laws of physics.

Physical Sciences as a subject benefits learners on several levels. It helps with the APS admission score, it makes you look good to university recruiters as well as to your future employers.

The main aim of Technical Sciences is to support learners in the three focus areas of technology, namely: mechanical technology, electrical technology and civil technology. Technical sciences prepare learners for future learning, specialized learning, professional life, citizenship, holistic development and socio-economic development. Learners who choose technical sciences as a subject in grades 10-12 can have improved access to applied technology courses at FET/FET colleges, vocational career paths and entrepreneurial opportunities. Technical sciences also promote skill development in the technology field and will consequently contribute to the country's economic growth and the social well-being of more people in our country.

PHYSICAL SCIENCE

TECHNICAL SCIENCE

Syllabus content:

The subject contains the following topics:

- Mechanics
- Waves, sound and light
- Electricity and Magnetism
- Matter and materials
- Chemical change
- Chemical systems

Syllabus content:

- Mechanics
- Matter and materials
- Electricity and magnetism
- Waves, sound and light
- Heat and thermodynamics
- Chemical changes

CONCESSIONS

Please take note that if your child makes use of concession in primary school, we must be notified of this at the beginning of the first term. All the necessary documents must also be submitted to our school office.

MEET OUR EXECUTIVE COUNCIL

Joe Cloete, NJ de Wet, Kyra Hancke, Anel Muller, Simone Naude, Du Toit Eksteen, Carmen Labuschagne, Louvan Lessing, Thandi Mabuza, Merie Muller, Christoff Augostine, Ankia Blok, Maggie French, Anel Geyser, Elandré Mallo, Alexia Paissopoulos, Mighael Alberts, Ane Botha, Nadia Janse van Rensburg, Kadmiel Lotika, Simone Theron, Chanté van Aswegen, Juan van den Heever, Ellené van der Westhuyzen, Janik Brits, Christian Jordaan, Tiaan Scheepers and Keziah Truter

PORTFOLIOS FOR 2025:

Head Boy:	Joe Cloete
Head Girl:	Kyra Hancke
Deputy head boy:	Janik Brits
Deputy head girl:	Ellené van der Westhuyzen
Deputy head boy:	Kadmiel Lotika
Deputy head girl:	Nomthandazo Mabuza
Representative - Academics:	Du Toit Eksteen
Representative - Academics:	Carmen Labuschagne
Representative - Culture:	Christoff Augostine
Representative - Culture:	Elandré Mallo
Representative - Sport:	Tiaan Scheepers
Representative - Sport:	Alexia Paissopoulos

SCHOOL WEAR

SUMMER UNIFORM

from the first Monday in September to the last Friday in April

GIRLS

- Green skirt (six panels):
Length 14cm from the floor in kneeling position
- White short-sleeved school shirt (with pocket badge), if school shirt with lane/panel is worn - shirt is not tucked in
- White school socks
- Black lacing shoes that can be polished without buckles and excessively thick soles
- Black leather shoes with a strap may also be worn
- Learners can wear grey "Regular fit" trousers with a blazer on Mondays

BOYS

- Grey shorts
- Grey short-sleeved school shirt (with pocket badge) for grade 8-11 learners, if the top button is closed, learner must wear a tie
- Grey knee socks (with stripes)
- Black shoes - lace up, without decorations, which can be polished

SPORTS UNIFORM

- Compulsory sports clothes are available at Extreme Clothing (1B Mark Straat, Groblersdal)
- This is the sports uniform that the Grade 8's must wear up to the Bell-ringing Ceremony

SCHOOL WEAR

WINTER UNIFORM

from the first Monday in May to the last Friday in August

GIRLS

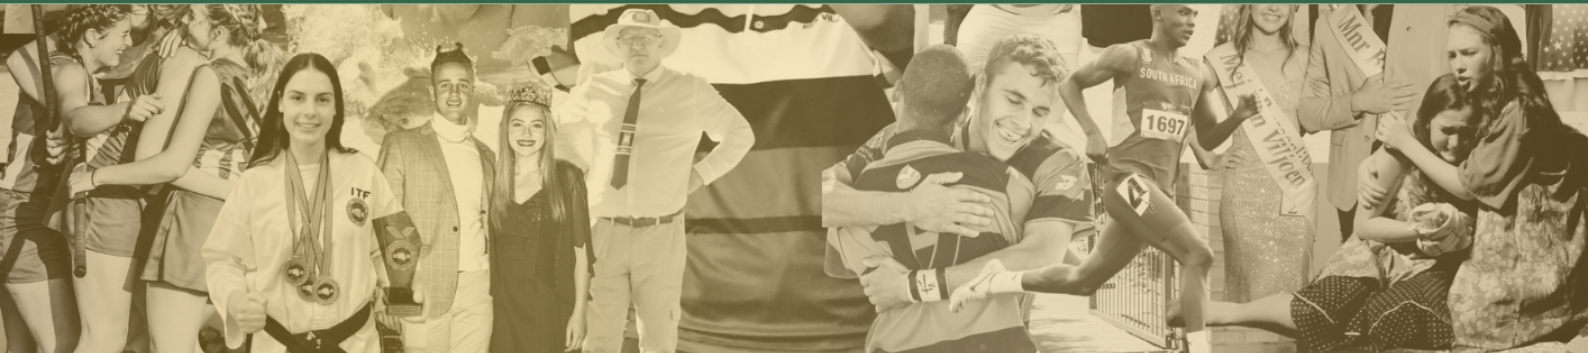

- School blazer is compulsory for Grade 8 learners
- Green school skirt (six panels) with white school shirt and a school tie
- Long black stockings or green knee socks with two stripes or grey trousers
- Grey "Prefect" trousers ("regular fit") with a white school shirt and a school tie
- Only grey socks can be worn with trousers
- School jersey/ School pull-over jersey
- School shoes as prescribed in summer uniform
- Long trousers may not be worn with only a school shirt, must be worn with a tie
- Green scarves are optional
- No skinny fit trousers

BOYS

- School blazer is compulsory for Grade 8 learners
- Grey trousers ("Regular Fit") with a grey shirt and a school tie
- No skinny fit trousers
- School jersey (long sleeve and/or pull-over)
- Grey socks and school shoes (as mentioned in summer uniform)
- When a school blazer is worn, it must be with trousers and a school tie

OUR SPORT IS THE BEST!

Although Ben Viljoen is a medium-sized school, it offers the range of sports that can be found at large schools.

A greater percentage of our learners get exposure at first team level. The coaching is done by teachers, many of whom have provincial colours themselves and/or have done provincial coaching. We have four rugby fields, three hockey fields, eight weatherproof netball courts, a cricket pitch with practice nets, a stadium with room for 5000 spectators, swimming pool, six tennis courts as well as Loskop Gymnasium on our terrain.

SPORT TYPES

- Athletics
- Rugby
- Sevens' Rugby
- Girls' Hockey
- Boys' Hockey
- Netball
- Boys' Cricket
- Girls' Cricket
- Swimming
- Squash
- Tennis
- Bisle
- Cross Country
- Equestrian
- Golf
- Soccer
- Freshwater Bank Angling

OUR LEARNERS EXCELL!

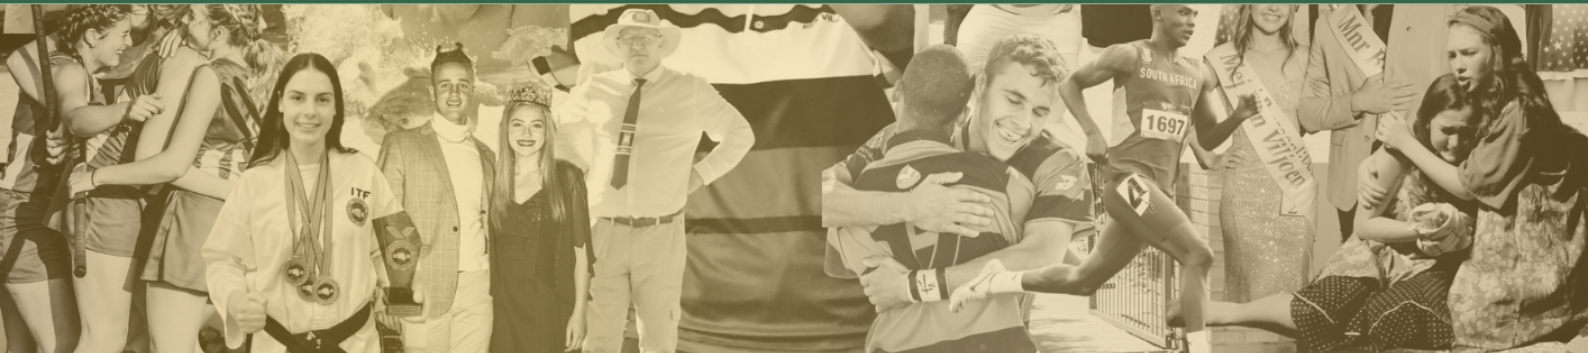

Rugby:

- Play in the Noordvaal Virseker Cup
- Four time Beeld Trophy winners
- Eight-time Beeld Trophy runners-up
- Both the u/14A and u/16A teams were Limpopo winners in 2024, while the first team were runners-up. The u/14A team advanced to the semi-finals of the Noordvaal Cup.
- u/14A team were NWU-16 series winners and the u/16A team finished third

Hockey:

- Girls' hockey team are 11 time Noordvaal winners
- u/15 team were winners of the NWU-16 Schools Sports Series, while the second team were runners-up. Our hockey teams finished in joint overall first place with Hoërskool Ferrum
- Five provincial players during 2024
- All our girls hockey teams were crowned league winners
- The u/15 team finished in sixth place in the Noordvaal Big B-Division, while the u/16 team finished in fifth place

OUR SPORT IS THE BEST!

OUR LEARNERS EXCELL

Athletics:

- Our athletes won the Noordheuwel Top 15 schools B division, as well as the Elbé Pretorius Memorial event.
- During the Bosveld Interhigh we finished in overall 5th place with 607 points, a mere 2 points difference between us and Hoërskool Nylstroom in 4th place. Jaco van der Westhuyzen was named the best track athlete while Marnu Hancke walked away as the best field athlete. Our girls' and boys' relay teams won their divisions, and we also received the trophy for best junior boys' team.
- Nine athletes took part in the South African Athletics Championships. Johan Helberg won a bronze medal in the u/18 Discus, Edunette Kriel a silver medal in the u/16 90m Hurdles and Marnu Hancke bronze medals in the respective u/16 Discus and Shot Put.
- Kyra Hancke took part in the South African Heptathlon Championships, as u/18, although she is u/17, and obtained an overall first place during these championship.

Netball:

- During 2023, our u/16A and u/17A teams finished third at the District Championships. Both teams reached the quarter-finals of the Limpopo Championships.
- Carla Storm, Kyra Hancke and Koketso Ntobeng are included in the respective Limpopo netball teams during the 2024 season
- The second netball team were league winners during 2024. Our u/15 and u/19 teams reached the quarter-finals of the Limpopo Championships

Bisley:

- Four marksmen acquired Mpumalanga colours during 2024 and participated in the South African championships

Tennis:

- Tennis teams took part in Limpopo championships
- Girls' tennis team were Limpopo winners during 2024

Squash:

- Squash players acquire Mpumalanga colours and are annual Mpumalanga champions
- Ian Steenkamp participated in the South African Countryside Tournament in Bloemfontein as part of the u.19 Limpopo team

Cricket:

- During 2023 our u/15 cricket team were league and Limpopo winners
- During 2024 our first team were league and Limpopo winners
- Limni-Lu Heswick and Jaco van der Westhuyzen was included in the Limpopo team.
- Girls' cricket was reinstated during 2021

Equestrian:

- Hoërskool Ben Viljoen was named as one of the Top 3 schools during 2022
- Three of our learners acquired provincial colours during 2024

Golf:

- During 2024, our A team were the runners-up of the NWU-16 Schools Sports Series, only two strokes behind the winners
- Our A team finished in 25th place at the South African golf championships which took place in Worcester, Western Cape. Juan van den Heever was included in the Far North golf team, with Christoff Augostine being included in the Limpopo High School team.

Swimming:

- Interhigh winners during 2022, 2023 and 2024
- Runners-up of the 2023 and 2024 Top 8 Swimming Gala
- Five swimmers were included in the Limpopo Swimming Team during 2024
- Mighael Alberts and Gustav Klingbiel qualified to participate in the Senior National Swimming Championships
- Gustav Klingbiel, Simoné Theron and Anné Marais took part in the South African Short Course Championship

Cross Country:

- Two cross-country athletes received Limpopo colours and took part in the South African Championships where Vanessa da Silva took 5th place
- Vanessa da Silva was named best senior female athlete during the 2023 interhigh

INMEASURABLE CREATIVITY

We offer a wide variety of culture types for those who prefer to showcase their creative side. Our goal is to create a perfect balance between sport and culture in order to give the learners the opportunity to pursue their passion to the best of their ability.

CULTURE ACTIVITIES

- Art Competition
- Culture Week
- Public Speaking (Afrikaans & English)
- Revue
- Theatre (Tienertoneel)
- Grade 8 Concert
- ATKV Youth Branch
- Ben se Pen school newspaper
- Photography
- Mr & Ms Ben Viljoen

OUR LEARNERS EXCELL

- Anika Pruis took part in the ATKV Public Speaking Final during 2024
- Our ATKV Youth Branch was named the most functional youth branch in the entire Limpopo-Gauteng region during 2023
- Our public speakers obtained an overall third place during the Bosveld Interhigh. In the Afrikaans Home Language section, Marice de Jager achieved third place in the senior prepared speech section, while Anika Pruis won the unprepared speeches in the junior section. In the Afrikaans First Additional Language section, Tebogo Mathunyane achieved first place in the junior section, while Vanessa da Silva claimed second place in the senior section.
- During the 2023 Interhigh Theatre, our actors finished in third place with Andrea Bronkhorst named as the actress of the day
- During 2024, Izaan Kotze, Chenél Grundling and Caylin Sadie took part in the ATKV's DigiToneel elimination round. Izaan was named among the Top 8 entries from across the country and took part in the Pronkpodium Digitoneel final.
- Moshopiadi Nchabeleng won the Thaba Eco art competition
- Tuimeltrein, consisting of Grade 12 learner Marice de Jager and alumnus Christian Venter, released two singles

FINANCES

SCHOOL FEES

R 33 550 per year or R 3 050 per learner per month from January to November (11 months).

- School fees are payable monthly before the 7th.
- NO discount is granted for school fee payments for the year in advance.
- R950 OBLIGATORY once-off additional textbook fee, which includes subject funds, is payable before/on 15 January 2025. As soon as payment for this is received, a registration ticket will be issued
- NO TEXTBOOKS WILL BE ISSUED WITHOUT A REGISTRATION TICKET.
- A starter package with scripts is provided by the school - only supplementary scripts (as needed) are provided by the parents themselves. Stationery is provided by parents themselves.
- Textbooks remain the property of the school and workbooks remain the property of the learner. Replacement value of lost textbooks amounts to R350 per textbook.

Please note that school fees and hostel fees have different reference numbers, please contact our finance office. If you make only one total amount, please specify the amounts clearly.

HOSTEL FEES

R33 500 per year or R 3 350 per learner per month from January to October (10 months).

If the learner moves into the hostel after January, hostel fees are payable until November. Hostel fees are payable in advance. No learner will be admitted to the hostel if the full amount for January has not been paid.

Fridge: Own small fridge may be provided - R750 per year.

DAY HOSTEL

The hostel also functions as a day hostel (Mondays-Thursdays). Day learners who are using this option are provided with lunch and a place where homework can be done under supervision. The amount for this option amounts to R1100 per month, whether or not the learner uses the option all days of the week.

The amount is payable once in advance on the 1st of each month. Proof of payment must be provided, and upon payment, the learner receives a day boarding admission ticket.

No overnight facilities for day learners. Application forms for the day hostel are available from the office.
